

# SCBI Tree Disease Guide

## Introduction

This is an R Markdown document. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see <http://rmarkdown.rstudio.com>.

When you click the **Knit** button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document.

# Tree- Disease Matrix

**Table 1. Matrix of forest insects and pathogens likely to occur at the SCBI Forest-GEO plot, and the tree taxa they affect.** Tree species codes are defined in the document SCBI\_ForestGEO\_sp\_ecology.csv.

Part 1/2: Tree species codes ACNE-LIBE
